Don,

Three words that come to mind when I think of GMW. Competent, Quality, Service.

GMW's staff and shop personnel are competent in the work they perform. The work that they put out for Barnhart Crane & Rigging is of high quality to meet the demands of our products. GMW provides the service to support the needs of our schedule demands.

Whether it's a last-minute replacement pin for one of our slide tracks or a comprehensive fabrication/machining project, GMW will set the wheel in motion to meet the quality and schedule demands of the job.

Barnhart Crane & Rigging relies on the dependable service of GMW to support our critical task needs, and GMW continues to meet the challenge without fail.
